

NATIVE PLANT BINGO

Use this bingo card to see how many native plants you can spot at one of the Port of Tacoma's wetland habitat restoration sites.

If you are a novice naturalist, there are lots of smartphone apps to help with identification. *PlantNet Plant Identification* and *LeafSnap* are both great apps to help out with this!

WHERE TO GO:

Gog-Le-Hi-Te Wetlands: 1402 Lincoln Ave, Tacoma, WA 98421
Place of Circling Waters: 1621 Marine View Dr, Tacoma, WA 98422

B	I	N	G	O
 Black Cottonwood	 Red Alder	 Douglas-fir	 Saskatoon	 Thimbleberry
 Shore Pine	 Pacific Madrone	 Nootka Rose	 Large-leaf Lupine	 Red-flowering Currant
 Western Redcedar	 Oceanspray	FREE	 Pickleweed	 Red twig Dogwood
 Pacific Willow	 Oregon Ash	 Snowberry	 Kinnikinnick	 Cattail
 Tall Oregon -grape	 Trailing Blackberry	 Bigleaf Maple	 Spirea	 Salmonberry

Port of Tacoma, Forterra, and community volunteers have all worked to restore these places to provide thriving estuary ecosystems for wildlife, fish, birds, and native plants.
