**TO:** Holders List

**SUBJECT: 072141-Demo Bldg & Rail at 4012 SR 509**

**Responses to Bid Questions # 01**

**1. BIDDER QUESTION (Site Visit 3/25/25)**

What are the extents of concrete demolition at plan Building #6?

**RESPONSE (4/2/25)**

See Photo #17 on plan sheet D6. The concrete platform protrudes approximately 12 inches above grade. This should be brought down to the grade of the gravel. This will be a decent amount of concrete demolition.

**2. BIDDER QUESTION (Site Visit 3/25/25)**

What is to happen with the loose concrete debris nearby Building #1?

**RESPONSE (4/2/25)**

Haul and removal of this material is within the scope of this project. Include this cost in Bid Item #9.
