**The Port of Tacoma & The Northwest Seaport Alliance**  
**Request for Qualifications(RFQ) PA000000086**  
**On-Call Civil-Structural Engineering Services 2025**

**A. PURPOSE**

The Port of Tacoma (**PORT**) and The Northwest Seaport Alliance (**NWSA**) are soliciting Statements of Qualifications (**SOQ**) from firms qualified and interested in providing civil and structural engineering services on an on-call basis.

The successful respondent may be precluded from competing for, or participating in, subsequent contracts that are the direct result of or primarily generated by, the work performed under the contract resulting from this procurement.

Interlocal Cooperation Act-RCW 39.34 allows cooperative purchasing between public agencies, and other political subdivisions. If a public agency files or has filed an Intergovernmental Cooperative Purchasing Agreement with the PORT/NWSA, those agencies are eligible to purchase from Contracts established by the PORT/NWSA. Such agencies may ask PORT/NWSA Contractors to accept orders from the agency, citing the PORT/NWSA contract as the basis for the order. The Contractor may accept or decline such orders. If the Contractor accepts an order from another public agency using the PORT/NWSA contract as the basis, the Contractor agrees to sell additional items at the contract prices, terms, and conditions. The PORT/NWSA accepts no responsibility for the payment of the purchase price by other governmental agencies.

**B. BACKGROUND**

Created by Pierce County citizens in 1918, the Port of Tacoma is a major center for container cargo, bulk, break-bulk, autos and heavy-lift cargo. To learn more about the PORT, visit [www.portoftacoma.com](http://www.portoftacoma.com).

Formed in 2015, The Northwest Seaport Alliance is a marine cargo operating partnership of the ports of Tacoma and Seattle. The NWSA is the fourth-largest container gateway in North America. To learn more about the NWSA, visit [www.nwseaportalliance.com](http://www.nwseaportalliance.com).

Civil and structural engineering services requested on an on-call basis may include varying technical and engineering services necessary to investigate sites or structures, provide conceptual designs, terminal and site planning and layout, condition assessments, quality assurance/quality control, estimated, scheduling design and engineering support during bidding and construction for new or existing sites and structures. Additional civil/structural services may be required depending on the needs of the Port/NWSA.

**The Port anticipates awarding up to six (6) professional service agreements, each to receive a not to exceed amount of \$600,000, three (3) for Port of Tacoma and three (3) for Northwest Seaport Alliance. The initial term of this Agreement will be three (3) years, with the option of one (1) year renewal at the sole discretion of the PORT/NWSA, for a possible total of four (4) years.** The Port does not guarantee all disciplines of services will be used nor does the Port guarantee a specific volume of work under the contract(s).

The Port will issue a request for proposal for each task order which will define the work being requested. Before the consultant may begin work, a fee proposal and schedule must be submitted to and approved by the Project Manager. Each approved task order will outline a defined scope, deliverables, schedule, and proposal amount. **Task Orders issued under these contracts may not in any case exceed \$150,000.**

The PORT/NWSA's Standard Terms and Conditions are included with the Sample Personal Services Agreement (Attachment B) to this RFQ. By submitting a SOQ, the Proposer represents that it has carefully read and agrees to be bound by the Port's Standard Terms and Conditions. Identify during the question submittal and response period, any sections you consider onerous, clarify why you consider these sections onerous, propose alternative language and describe why it is in the Port's best interests to adopt the alternative language.

SOQs submitted with altered or conditioned Terms and Conditions without prior written agreement from the Port will be considered non-responsive and not considered for evaluation. Taking exceptions to these terms and conditions or conditioning your proposal on terms and conditions other than the NWSA/Port's will render your proposal non-responsive.

Proposers submit SOQs understanding all contract terms and conditions are mandatory. Response submittal is agreement to the Contract without exception. The Port reserves the right to negotiate changes to submitted SOQs and to change the Port's otherwise mandatory Contract form during negotiations. If the Proposer is awarded a contract and refuses to sign the attached Contract form, the Port may reject the Proposer from this and future solicitations for the same work. Under no circumstances shall Proposer submit its own boilerplate of terms and conditions.
